IMPORTANT NOTICE REGARDING YOUR COVID-19 BENEFITS

On May 11, 2023, the government-declared COVID-19 Public Health Emergency will end. As described in detail below, this means that certain COVID-19 benefits that are being offered at no cost could have increased costs. **However, the Board of Trustees has decided to continue to cover these benefits at no cost to you on and after May 12, 2023.** The Board of Trustees expressly reserves the right to change these benefits in the future, as permitted by law.

1. COVID-19 Vaccines

COVID-19 vaccinations have been covered at no cost to you and your dependents. **Effective May 12, 2023, COVID-19 vaccinations will remain free to you and your dependents.**

2. COVID-19 Over-The-Counter (OTC) Tests

Since January 2022, you and your dependents have each been eligible for up to eight (8) COVID-19 OTC tests per month at no cost to you. **Effective May 12, 2023, you and your dependents will continue to receive up to eight (8) free COVID-19 tests per month.**

3. COVID-19 Laboratory Tests

Since March 2020, COVID-19 diagnostic tests administered by a health care provider, testing facility or lab has been covered by the Fund with no cost sharing. **Effective May 12, 2023, COVID-19 lab testing administered under these same circumstances will remain free to you and your dependents.**

4. COVID-19 Treatment

Since March 2020, COVID-19 treatments, such as Paxlovid, have been available at no cost sharing to you and your dependents. These treatments have been covered by the Federal government. **Effective May 12, 2023, COVID-19 treatments will remain free to you and your dependents.**

If you have any questions about these changes, please contact the Fund Office at 248-645-6550

Sincerely,

Board of Trustees, SEIU Michigan Health and Welfare Fund
