TO: *All Eligible Participants and Beneficiaries in the SEIU Michigan Health and Welfare Fund*

Enclosed is the Summary of Benefits and Coverage ("SBC") for the SEIU Michigan Health and Welfare Fund. ***Please share the SBC and this letter with your family members who are eligible for coverage under the Plan.***

The Federal health care reform law- the Patient Protection and Affordable Care Act- requires that all group health plans, such as the Fund, provide participants and beneficiaries with the SBC.

The SBC is a document designed to provide a general description of some of the benefits provided by the Fund. The Federal government has issued a strict form template and detailed rules on the format and content of the SBC, meaning that we are not permitted to customize the SBC. For this reason, the SBC does not cover all of the benefits provided by the Fund and it does not contain any information regarding eligibility. We recommend that you refer to the Fund's 2023 Insurance Benefit Guide for a more complete description of the benefits provided by the Fund, as well as the eligibility rules. Please contact the Fund Office for a copy of the Benefit Guide. You can also find a copy of the SBC on the Fund's website at www.seiumichiganbenefits.org.

Although the requirement to have health care coverage that qualifies as "minimum essential coverage" or pay a tax penalty has been repealed effective in 2019, the SBC (and the IRS Form 1095-B you will receive for your tax returns) confirms that the Fund does provide "minimum essential coverage" and does meet the minimum value standard for the benefits it provides.

Receipt of this document does not constitute a determination of your eligibility, nor is it a contract. Additional limitations and exclusions may apply. If you have any questions about your benefits, please call the Fund Office at (248) 645-6550.

Sincerely,

BOARD OF TRUSTEES

Important Questions	Answers	Why This Matters:
What is the overall deductible ?	Network providers : \$200 Individual / \$400 Family Out-of-Network providers : No Coverage	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the policy, the overall family deductible must be met before the plan begins to pay.
Are there services covered before you meet your deductible ?	Yes. Preventive care , urgent care , office visits and emergency care are covered before you meet your deductible .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan ?	Network providers : \$2,200 Individual / \$4,400 Family Out-of-Network providers : No Coverage	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums , balance-billed charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit
Will you pay less if you use a network provider ?	Yes. See https://hconline.healthcomp.com or call 1-800-843-3831 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral .

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
